MOTION FOR CONTINUANCE

The Defendant respectfully requests a continuance for the hearing March 05, 2020, for the following reasons.

I never received any notice of this hearing until Mr Snyder sent a witness and exhibit list to me at 3 PM March 02, 2020.

I am being treated for pneumonia by Dr. Arnold Morris III. I This is very communicable and I have been instructed not to travel or be around others until my fever has abated This is not the time to appear at a public place with a hacking cough I will send the doctors letter again with this motion

I already have a previously set court date in the Superior court in Washington State to gain the courts blessing on the transfer of the title to the commercial property to Janice as specified in Dr Alexandre's will If have to be there Tuesday for that. The title company has requested that and it is not unreasonable

I would request a continuance until after the 15th of March depending upon the courts schedule.

There is absolutely no emergency or situation here that merits a 3 day emergency filing. None of the parties even sent notices of the hearing as required by law. Further neither did the Court. I deserve the right to rebut and cross examine the witnesses and produce evidence for the Court to consider. I currently have 81 separate documents to submit as evidence proving Pender's dishonesty

A handwritten signature in black ink, appearing to read 'Larry Reynolds', is written over a horizontal line. The signature is stylized with large loops and a long horizontal stroke extending to the right.
